NEW MONEY SHEET GOES TO COUNCIL THIS AFTERNOON

Sacrifice of part of street improvements for the remainder of the year was found necessary when council's finance committee met Wednesday morning to reconstruct the October appropriation sheet to meet the approval of Mayor James G. Woodward.

The appropriation of \$11,812 put in the sheet to alleviate the strain on the public school teachers and abolish the "double session" was not approved by the committee in its planning process, but it was found necessary to take \$18,500 from the unexpended funds and \$21,000 to the credit of the construction department for building lateral sewers.

Anticipated Revenue.

From unexpended, or anticipated revenue from tax receipts and marshal's fees, the committee took \$3,500 in place of \$13,700. The committee also included as revenue \$15,000 which has been paid into the city treasury by DeKalb county for its share of the street widening project.

The reconstructed sheet, with the \$11,812 school appropriation intact, meets with the approval of Mayor Woodward and now stands in no danger of being vetoed after it is passed up by council and the aldermanic board.

Aside from the school appropriation, the sheet includes \$5,000 to pay off the judgment secured by St. Philip's cathedral, also \$2,000 which represents half on a claim the Druid Hills corporation holds against the city.

From the sheet the following amounts were shaved from special street improvement funds: Penn avenue, \$2,000; South Pryor street, \$2,000; South Forsyth street, \$2,000; North avenue, \$500, and \$500 from the street ordinary fund of the city ward.

Money for Street Work.

The dismounting of the South Pryor and South Forsyth street funds will not prevent the carrying out of the work already started on both thoroughfares for the reason that the city has enough money to carry on the work to the end of the year.

The item of \$11,000 which was taken from the sewer fund and added to the income side of the sheet, is, in reality, nothing more than a bookkeeping device collected by the city from property owners from time to time.

While they are persisting with unforgiving zeal in the effort to devise some legislation to aid the southern cotton farmer, something like despair is settling upon representatives from the cotton-producing states.

The prospect of an early adjournment from the present session without action was discussed at a largely attended meeting of southern congressmen held tonight in the house office building.

Ylilander Is Proposed.

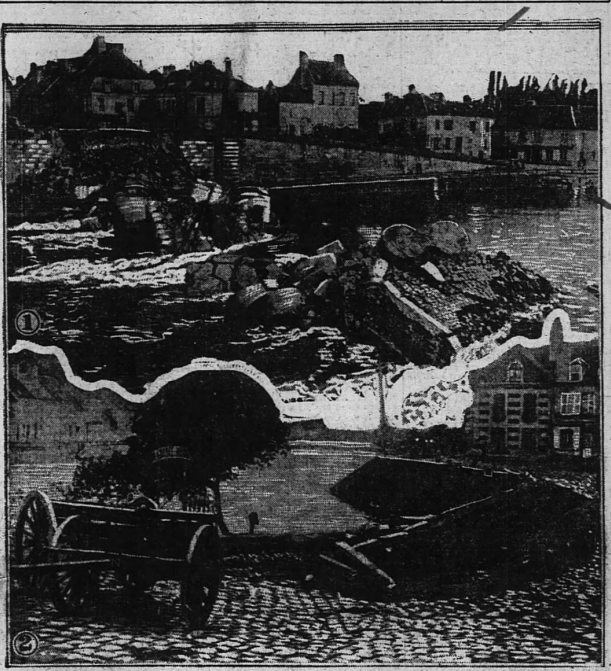

A resolution was introduced pledging the members to fight against adjournment until a vote was taken on the Henry bill. This was sharply criticized and the prediction was made by several speakers that its effect would be to drive away supporters from northern and western states. Members were reminded that the main cotton-producing states have only ninety-six members in the house—practically the same number as the three states of New York, Pennsylvania and Ohio, or one-fifth of the entire house membership.

Representative Crisp, of Georgia, spoke against adoption of the resolution. He said it was unwise and would be futile if three-fourths of the house members wanted to adjourn.

"It would be the same as saying that the nine cotton-growing states passing any measure over the opposition of the rest of the country," said Representative Rayburn, of Texas. "We may as well read the bill and be back in the face and talk until the crack of doom and it is not going to help anything unless we present a measure that will appeal to the other four-fifths of the house membership," asserted Mr. Rayburn.

Representative Martin Dies, of Texas, said he would support the resolution.

BELGIANS FLEE FROM ANTWERP, FALL IS EXPECTED

Southern Congressmen Are Hard at Work, But They Are Beginning to Despair of Legislation.

By John Corrigan, Jr.

Washington, October 7.—(Special.)—While they are persisting with unforgiving zeal in the effort to devise some legislation to aid the southern cotton farmer, something like despair is settling upon representatives from the cotton-producing states.

The prospect of an early adjournment from the present session without action was discussed at a largely attended meeting of southern congressmen held tonight in the house office building.

A resolution was introduced pledging the members to fight against adjournment until a vote was taken on the Henry bill. This was sharply criticized and the prediction was made by several speakers that its effect would be to drive away supporters from northern and western states. FIGHT OVER NECKTIE RESULTS IN SHOOTING

A fight over a necktie which occurred in their home at Rock Springs, Sunday, September 27, resulted last night in the shooting of Homer Yarborough by his brother-in-law, Earl W. Nalley.

The families of both men had lived together peaceably until that Sunday morning, when, it is said, ill-feeling was aroused over the wearing of the tie. The lapses of a few days failing to allay their bitterness, Yarborough moved his wife and child to a nearby house to avoid further trouble, he said.

Last night, about 9 o'clock, Yarborough, accompanied by Harvey Nalley, also a brother-in-law, went to the Nalley home for his children. Both men entered the premises without speaking to Earl, who was about to retire. While Harvey was holding a lantern for Yarborough to take the children from a room ten feet from the house, Earl suddenly threw up the nearest kitchen window. Without warning, it is alleged, he fired once from a single-barreled shotgun, hitting Yarborough in the back.

Yarborough then ran through to the front of the house and reloaded his gun. Yarborough, immediately recovering from the wound, ran around to the front of the house, and fired four times into the window.

Yarborough then crawled to the mansion of the local church and asked Mrs. Lincoln Johnson to call the Grady hospital. He was picked up by the ambulance further up Plaster's Mill road, at the home of E. O. Walters, where he had been by Harvey Nalley.

At the hospital it was discovered that the entire load of the gunshot took effect, tearing a large wound in the back near the right shoulder. Yarborough is in a serious condition, physicians state.

Earl Nalley was later arrested at his home by County Officers James Waters and A. T. Butler and turned over to Officer W. C. Chappinier, who took him to the Fulton county jail.

Mrs. Nalley was his home in her bedroom with her three children at the time of the shooting.

Allied Army Fights With Greatest Dash And Stops Germans

On Allied Left German Cavalry Has Been Stopped and North of Lille It Has Been Driven Back--Between Chaulnes and Roye Allies Have Regained Ground Previously Lost--British War Office Reports Situation as Generally Satisfactory All Along the Battle Line.

London, October 7.—The official press bureau tonight issued the following statement:

"Mouth of the Oise and at Lens there is hard fighting.

"Elsewhere a slight advance or retreat varies. Throughout the line the reports are generally satisfactory.

"The French army is fighting with the greatest dash and bravery.

"The Germans attacking Antwerp have pushed forward their positions against considerable resistance by the garrison."

London, October 8.—(1:15 a. m.)—The Canadian troops will be landed in England today and sent to an inland training camp.

All German Assaults Repulsed And Ground Gained by Allies

Paris, October 7.—The official communication issued by the French war department at 11 o'clock tonight, announces that the ground previously lost by the French between Chaulnes and Roye has been retaken, and that on the center the French have advanced on certain points.

The text follows:

"Except on the two wings, where the German attacks have been repulsed, there has been nearly complete calm along the front.

"On our left wing the German cavalry has been held in check; to the north of Lille it has been driven back.

"Between Chaulnes and Roye the ground previously ceded has been retaken.

"On the center we have made an advance on certain points.

"There is nothing to report on our right wing."

BRITISH SUBMARINE GIVES SINKING BLOW TO GERMAN WARSHIP

The E-9 Steals on Torpedo Boat and Sinks Her--Same Submarine a Few Weeks Ago Destroyed the German Cruiser Hela.

London, October 7.—(12:30 a. m.)—A dispatch to the Central News from Harwich, England, says that a rumor is in circulation there of the sinking of a German cruiser in addition to the German torpedo boat destroyer already reported sunk.

London, October 7.—Submarine E-9 of the British navy, under command of Lieutenant Commander Max R. Horton, yesterday made a dash into German waters off the mouth of the river Rhine and sank a German torpedo boat destroyer. This same submarine under the same commander made a similar dash and sank the German cruiser Hela, off Heligoland, September 14. As on the former occasion, the E-9 has safely returned to her home port.

The action took place at 1 o'clock yesterday and was witnessed by the Dutch coast guards on the Dutch

Before 5,000 people, assembled for the opening session of the international convention of the Disciples of Christ, Dr. Robert E. Speer, of New York, the famous former minister, worker and pupil orator, pointed to the war that is at present raging in Europe and declared that it is a warning from God which should be heeded as a vivid lesson against the division and denominationalism which exists in the erring churches of America, today.

Only a few minutes later Dr. Hill M. Bell, president of the convention, in speaking along the same line, indicated the views of the convention, declared further that the divided condition of the church throughout the world is directly responsible for the horrible war now in progress. The two strong addresses of Dr. Speer and President Bell served to drive the lesson home with tremendous force to the audience that filled the Auditorium, causing thousands to comment on the addresses as they left the building.

The meeting launched the eight-day session which will be held in this city by the Disciples of Christ, for which delegates have come from not only every state in the union, but from foreign fields. Several thousand delegates have already registered, but more are still arriving on every train, and no report of the attendance has yet been announced. It is estimated, however, that fully 3,500 delegates from other points have already arrived at Atlanta, and that over 1,500 in attendance at the Auditorium Wednesday night.

Governor Welcomes Delegates.

A feature of the opening session was a short and cordial address of welcome by Governor John M. Slaton. He spoke of Georgia's prosperity and of the many valuable assets, among which he declared the churches are one of the foremost. He welcomed the delegates to the city, expressed his full reason to the community, and just as the visitors were falling in love with the governor's flowing oratory and thought he was only getting started, he ended his remarks with a gracious promise of the city's hospitality.

Mayor James G. Woodward also made an address of welcome, expressing the appreciation of the city at the visit of such a consecrated body of Christians. President Hill M. Bell, who is the head of Drake university, at Des Moines, Iowa, responded to the address of welcome and the large audience followed by Dr. Speer with his remarkable address on "Foreign Missions and Christian Union."

Dr. Speer is a Presbyterian and one of the foremost leaders in foreign mission work in the world, being secretary to the Presbyterian foreign mission board. As indicating again the broad-mindedness of the Disciples of Christ,

Useful Money

And now comes the fall season, with cool nights. With it also comes the demand for stoves and ranges.

Scores of people in Atlanta are looking for an opportunity to buy second-hand stoves at economical prices.

If you have a used stove or range you do not need, turn it into useful money by offering it for sale in The Constitution Want Ad columns.

FRENCH BIRDMEN WIN IN A DUEL IN THE AIR

Thousands of Soldiers of Both Armies Watched the Dramatic Fight.

Bordeaux, October 7.—Official dispatches to the French war department today gave a graphic account of an aerial duel watched by thousands of soldiers of the French and German armies October 5 at Jochery.

A German aeroplane ascended with two men, and after circling over the French positions was returning to its own lines when Sergeant Frantz, a French aviator, accompanied by his mechanic, Quinault, sprang to a machine gun and fired at the intruder.

A second machine, the French aviator took the German on the flank and wounded the pilot and put a bullet through the gasoline tank.

A sheet of flames enveloped the German aeroplane and it dropped rapidly, landing close to the French lines. In the meantime the German continued to fire his pistol until he was killed.

Sergeant Frantz came to earth in a series of maneuvers and the German was found burned to death in the arms of the French soldiers. The German was decorated with the Legion of Honor and Quinault was awarded the military medal.

To operate household sewing machines there has been invented an electric motor driven by a storage battery.

Blood Destruction Stopped and Rebuilt

Worries Overcome, Evidence Bruised Away, The Skin Cleared.

R. S. S. the famous blood purifier, is made of natural ingredients. It cleanses the blood and repairs the damage. It also looks after the possible danger of blood poisoning, decay of bones, clogging of joints and all of those things that are the result of blood poisoning, such as rheumatism, catarrh, swollen glands, nose trouble, bronchitis, and all the host of infirmities so well known as being caused by impure blood. And now, who should R. S. S. do this? Simply because it is Nature's antidote, a remedy of natural influence. It contains a powerful, natural ingredient, that sweeps its way to the skin, and in doing this it not only eliminates destructive germs but causes them to be so converted that they are easily and harmlessly voided, expelled or destroyed and then driven out through the natural orifices of the body. Thus R. S. S. is your safeguard against all blood troubles no matter what they are. It won't fail. Get a bottle today and you'll see it's not a return, but a cure.

Get in communication with the medical department. Write The Swift Specific Co., 46 Swift Bldg., Atlanta, Ga. This special advisory work on blood troubles has been of incalculable benefit and has cured a host of sufferers.

The 1914 Flannel Shirt

The latest improved flannel shirt is a revelation. It is a "ripping" example of achievement.

It is full of color and pleats—pleats that stick close together—colors that wander.

It has the "touch and go" of the successful novelty. It sparkles with deft handling. It is made up to delight the man who knows how to get out of the crowd.

Some of these wonderful flannel shirts shown in our big window today are sufficient unto themselves; others have taken into partnership some fine silk threads.

These get together gracefully and greet you with a magnificent rounding up of fine work, good form and surpassing good taste.

Neckwear That Flourishes In Gay Fall Colors

To be in the company of the foregoing and hold up its head the new four-in-hand has to be a thing of splendor—expressive of the spirit of youth.

GERMANS STOUTLY OPPOSE ADVANCE OF THE RUSSIANS

Petrograd Admits That the Forces of the Kaiser Are Offering a Most Tenacious Resistance.

Petrograd, October 7.—The Russian general staff today issued the following statement:

"On the East Prussian frontier the German forces have brought up reinforcements from Kronenberg, continue to oppose a tenacious resistance upon the battle front of Vindava, and are attacking the positions of the Russian army in the region of the Vistula."

"Beyond the Vistula advance guard battalions have occurred in the region of Opatow and in the region of the Carpathians west of the river Sanok an Austrian detachment was killed in the battle of the prisoners captured."

"At Salva, 20 kilometers from the city of Munkacs, we have captured an artillery park and numerous communications."

GERMANS MARCHED INTO RUSSIAN TRAP.

The Post correspondent in Petrograd, in a dispatch contrasting Russian and German strategy in the dead-end of the latter, says:

"Instead of following sound military principles of seeking out the enemy's strength and endeavoring to smash it, the Germans seem to follow the line of least resistance. Whether this is the result of bailing water upon the experience of the parade ground and maneuvers arranged beforehand, it is difficult to say, but certainly the German army is learning its lesson only now."

Both the great German defeats in Galicia and in Western Russia, exemplify the same defect in tactics of following the line of least resistance. In both cases the Russians caught them in precisely the same trap. In the latter case the Russians left a gap of 30 miles upon like a mouse trap door. The Germans marched gaily in. They found no opposition, but met a most unpleasant surprise at the fantastic bends of the river Niemen and, while trying to force the Niemen, the jaws of the trap closed upon them."

RUSSIAN DEFEAT CLAIMED BY AUSTRIA.

London, October 7.—It is officially announced from Vienna, Maribor county, Hungary, that Austrian forces have been heavily engaged with Russians since Monday at a point near Teco, telegraphs the Amsterdam correspondent of Reuters Telegram company. The Russians retreated. The battle came to a complete victory for the Austrians.

Teco is about twenty miles south of Huzest, on the railroad, and Kriestval is about the same distance from Huzest. The Austrians are in the extreme end of Hungary, between Galicia and Transylvania.

Telegraphing from Amsterdam, the correspondent of Reuters' company says the Austrians are confident of a victory from Buda-Pest to the effect that Austrian troops have attacked the Russian forces in Maribor county, Hungary, and that the defeat of the Russians is imminent. A Russian detachment of 10,000 men was engaged by Austrian forces near Huzest. The Austrians have been dispatched to Huzest. All the Austrians are occupied by the Austrians.

3 GERMAN WARSHIPS SUNK BY THE JAPANESE

Cruiser Cormoran and Two Gunboats Destroyed in Kiaochow Bay.

Tokio, October 7.—The war department issues the following official announcement: "After examining the reports received from various sources, it is inferred that among the enemy's warships in the Bay of Kiaochow, in addition to the German, two other gunboats have been sunk, as nothing has been seen of them since October 1."

On October 6 a Japanese regiment made a midnight advance along the Shan-Tung railway as far as Chian. In addition to some seven hundred passenger and freight cars, fell into the hands of the Japanese soldiers.

A German gunboat, probably the little, was seriously damaged by the shots from the Japanese field guns on October 4. She fled, towed by two other boats. Into the Bay of Kiaochow, but sank shortly afterward. At present there are three gunboats within the bay, including the Kaiserin Blücher.

When the Japanese squadron occupied on October 4, the Jialut archipelago, they captured the German gunboat. On the way, after destroying all ammunition, the bluejackets liberated a Japanese ship which had been captured."

JAPANESE PLACE THEIR SIEGE GUNS.

Pekin, October 7.—According to station at Chi-Nan, in Shan-Tung, west of Kiaochow, has been occupied by thirty Japanese soldiers. On October 4, a dispatch to the Associated Press from the Shan-Tung railway, running along the Shan-Tung railway, reported that the Japanese had collected most of the German soldiers and children. The Japanese are now ready for an attack. The Japanese are now ready for an attack. The Japanese are now ready for an attack.

The reference to Radom in the foregoing dispatch shows military activity in a region near the city of Radom, a field of operations for some time. Radom is about 100 miles from Lublin, and fifty miles west of Lublin. The province of Radom borders on the Polish river, fifty miles from the Polish river, fifty miles from the Polish river.

Harvest Week Means that the Displays of Wanted Merchandise Are In Ripened Fullness

"What does it all mean?" We have heard this question in one form or another from the lips of many women since Monday—what does this unusual decoration of the store mean—the tall, graceful shocks of corn, the bushels of grain, the yellow pumpkins, the long-stemmed gourds, the baskets of cotton, the red, red apples—what does it all mean?

It is but a harmonious and poetic comparison of the stocks of merchandise to the wonderful works of nature. She has brought to ripened fullness the fruits of the fields—we have brought to ripened

fullness the fruits of industry in our chosen line. The harvest days have come!

Yours to choose and select as you will. Things are ready, splendidly ready, all through the store—the suits and dresses are ready; the blouses, the underlinens, the corsets are ready; the hosiery, the woollens, the cottons are ready; the lace, the trimmings are ready; the furniture, the furnishings are ready.

And by ready we mean that great and splendid varieties are at your disposal. Choose as you will!

A Harvest Week Sale of Fancy Linens

Embroidered, Cluny and Drawn-Work Cloths and Bed Spreads at Saving of a Third to More Than a Half

At a time when linen prices are mounting to new and higher levels comes a Chamberlin-Johnson-DuBose Co. sale of Fancy Linens!

Call it a rather arbitrary and unusual flying in the face of the natural order of things if you will, but you must say that it is a decidedly helpful thing.

The linens are gathered from our own stocks—they are somewhat soiled—in most cases only on the outer fold. They are hurt only as we value them; they are not perfectly fresh. In substance it means one extra trip to the laundry—and you save a third, a half, even more. Decidedly it is worth while.

BUYER'S BALE OF COTTON INSTEAD OF A LOVING CUP

Purchase is Made at the Suggestion of President C. J. Haden.

Chairman H. T. McCard, of the cotton buying committee, at the suggestion of Charles J. Haden, president of the Georgia chamber of commerce, on Wednesday purchased a bale of cotton at ten cents per pound with the money which was subscribed at the Macon state chamber meeting for the purpose of buying a loving cup for Mr. Haden. At the recent annual meeting of the Georgia chamber of commerce, in Macon, the delegates subscribed to a fund to purchase a loving cup for presentation to Charles J. Haden, president of the state chamber of commerce, as a token of their appreciation of his untiring efforts for the success of the organization and the upbuilding of Georgia. This fund was turned over to W. E. Weston, of Macon, and Albert M. Smith, secretary of the state chamber.

On consulting Mr. Haden as to the purchase, he suggested that they invest the money in a bale of cotton grown by some tenant farmer, to be held until the price of cotton passes above ten cents in the open market. Accordingly Messrs. Weston and Smith turned the money over to Chairman H. T. McCard, who selected a bale of one-hundred ten-pound cotton from Hill, Campbell county. It had hailed the bale element since it was taken from the field and had seldom or never been touched by the sun. Mr. Haden, who did not know where Peachtree street was, when presented with the bale, said that he had seen it on the veranda of Mr. Haden's home, in Macon, and that he had seen it there three times before the cotton was purchased and presented to him.

Joseph H. Hirsch, president of the Empire Printing and Box company, announced Wednesday that W. Stuart, J. M. Sewell and J. M. Carney, of the Brown-Hurst cotton company, Cincinnati, have sent him a check for \$100 with the instruction that he pay the sum in three bales of cotton at ten cents per pound.

Guy McLeod, former railroad commissioner, called upon Governor John M. Slaton Wednesday afternoon to urge him to use his power as governor to prevent, if possible, the secretary of state from issuing a charter to the North Georgia Mineral Railway company, which seeks to buy, is said, a right-of-way for the Louisville and Nashville railroad, paralleling the Western and Atlantic right-of-way, which is state property, and thereby impairing the state's property.

Mr. McLeod urged that the governor take this course, if possible, and invite the petitioner for a charter to recede to mandamus proceedings, which says Mr. McLeod will open up all questions for all parties concerned.

Thoughts are Sparks

—flashes of the mind that decide for success or failure.

The question is, what kind of sparks does your brain generate?

The brain, like a battery, must be supplied with certain elements to generate thought properly. These brain elements are water, albumen and phosphate of potash. If any of these are lacking in the daily food, brain and body energy are vitally lessened.

Are any lacking? Listen! Water and albumen are plentifully supplied in ordinary food, but phosphate of potash—together with other mineral elements—is almost wholly lacking in white bread and all white flour products.

Common sense goes a long way toward success. To eat right often means to BE right.

LITTLE HOPE FELT FOR FEDERAL HELP

Continued From Page One.

The committee was appointed, consisting of one member from each state, to endeavor to agree on a compromise measure and report tomorrow. Representative Hughes was named as the member from North Carolina.

Representative Adamson and Howard have introduced bills and they each yielded to the other. The Adamson bill provides that any state or national bank, which within the next sixty days shall loan to a cotton producer or a tenant's landlord, three-fourths the value of the cotton property warehouse and insured, the value to be that prevailing in the market at the time and place of the transaction, the note to run for one year and bear legal rate of interest, shall be able to hypothecate said note with the treasury. The bank shall receive one-third of the interest collected for handling loan and assisting in its collection when the note matures.

The bill of Representative William S. Taylor, of Georgia, authorizes the treasury to issue \$200,000,000 of currency under the act of 1861 and portions it among the cotton producing states. This shall be loaned at 5 per cent, and the cotton producer shall be able to hypothecate said note with the treasury. This amount of currency would release from active competition about \$200,000,000 of cotton notes, said Mr. Taylor.

Every Georgia representative was at the meeting. Mr. Taylor, of the Georgia House, was at the meeting. Mr. Taylor, of the Georgia House, was at the meeting.

WAREHOUSE MEASURE.

Washington, October 7.—Tentative plans for a warehouse measure were discussed today at a conference between President Wilson and members of the North Carolina congressional delegation. The measure is a special rule for consideration of the cotton market, due to the European war.

The president also consented to approve in movement state funds for launching a bankers' pool to raise money for the cotton market. The South Carolina congressional delegation also discussed the measure and asked him whether he would consent to aid from the federal treasury to loan to cotton growers in case cotton advanced without passing legislation on the subject. The president said he did not believe he had authority.

to carry out such a plan. Members of the delegation said that the measure is a special rule for consideration of the cotton market, due to the European war.

Week of Prayer.

The week of prayer and self-denial to be observed by all Methodist and Episcopalian churches will occur November 1 to 7. The women are urged to heartily co-operate and make this a week of splendid results.

Physicians' Social Service.

The lectures for the social service training class, conducted under the auspices of the Anti-Tuberculosis Association, will begin on Saturday, October 10. These lectures will be given from 8:20 to 9:30 o'clock, Tuesday morning and will be given by physicians of Atlanta who are contributing their services to the fight against tuberculosis in connection with the social service association. The Wednesday of each week, beginning October 14, from 9:30 to 10:30 a. m., special courses of social lectures will be given by representatives of the different philanthropic organizations of the city. The social lectures will deal with the organization of social work, public health, the prevention of crime and social service work. The purpose of this course is to familiarize each social worker in the city with the aims and purposes of the work of all organizations and to show the relation of one to another. A study of social work in other cities will be given close study.

A cordial invitation is extended anyone who is interested in the above lecture course, and especially are club women urged to take part in the course, as upon the hope of co-operation depends the success of the course.

GRAY HAIR

Darkened Evenly by Ordinary Q-Ban—Effect Amazing.
